

# Iceland Travel Report

# Sunday

On Sunday 20th of January 2013, we had an appointment in CDG Airport at 11:15. Because of the bad weather, some of us were late. Then, we got onboard at 1:20. It was snowing, so we only took off at 5:10. The time of flight was about 3 hours. We landed in Iceland at 8:45, French time 7:45 local time.

After getting back our luggage, we took the bus and went to the youth hostel in Reykjavik. After unpacking, we ate and went to bed.

# Monday

- The day after, in the morning, we got up at 7:00 and had our breakfast. We took the bus to visit a documentary center in Reykjavik. We saw there documentary film based volcano and different volcanics rocks. After that, we looked for restaurants for lunch, we ate good fish skewer. The afternoon, we went back to the hostel and had diner in a restaurant. We met our Finnish contacts and then went to bed.

# Tuesday

- On Tuesday morning, we took the bus to go to visit a geothermal central. A man explained us how it works and its energetics capacities. Then, we went to visit an agronomy school.
- The teachers of many countries exposed their projects for Ecojobs. After that, we have seen hotspings, experimental green house and a care-center and ate there. At the end of the day, we settled down in small lodges to spend the night. We had great time there.

# Wednesday

- Wednesday morning, after breakfast in the lodge, we went back to the school. With other students, we had to do a vegetal making-up based on birds-nest. After the lunch, students presented their projects. After that, some of us went to the swimming-pool and the other of the lodges. At the end of the afternoon, we said goodbye to our Icelandic friends. And then, we went back to Reykjavik and spend night.

# Thursday

- On Thursday morning, we got-up at 4:00 to go to the airport. And, took the plane at 7:40. The plane took off on time. The weather in Iceland was better than in France. We arrived in Paris at 11:30. We went back at school in a bus with a lot of good memories!

The end
